MAKING THESE INSTRUMENTS OUT OF STUFF AROUND THE HOUSE WAS A GREAT IDEA!

I'M GOING TO MAKE MY OWN BAND, AS SOON AS MY NAPPY GETS CHANGED.

YES, BUT I THINK MY TRASH CAN IS OUT OF TUNE.

FIND THE MISSING MUSIC!

Max wants to make his band even bigger, but he needs more instruments, sheet music and more. Can you help him find these missing items hidden all over this issue?

Need Help? Answers can be found on page 25.

GET READY TO RECYCLE!

WOW, THAT WAS A LOT OF ALLIGATORS!

THIS IS WHERE I KEEP ALL MY INVENTIONS. THERE'S MY ATOMIC TUBA... MY FLYING DISHWASHER... MY ONION JUICE SQUEEZER...

AMAZING!

THIS IS MY GREATEST CREATION: THE RECYCLER!

WOW, WHAT DOES IT DO?

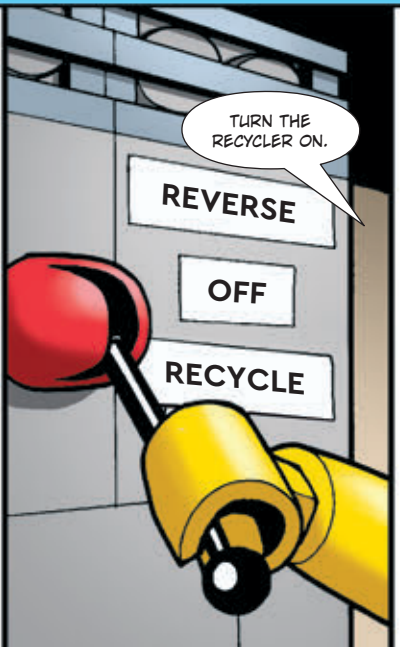

REVERSE

OFF

RECYCLE

IT'S SIMPLE. YOU PUT IN OLD STUFF, LIKE THESE PLASTIC BOTTLES, ON ONE END.

TURN THE RECYCLER ON.

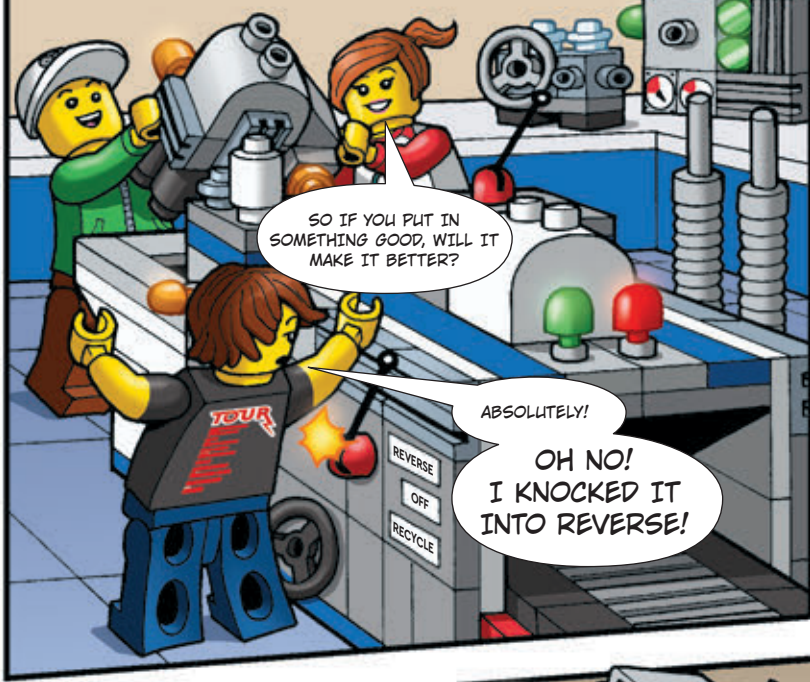

REVERSE

OFF

RECYCLE

AND THE MACHINE TURNS IT INTO SOMETHING NEW, LIKE THIS STORAGE BIN FOR MY BRICKS!

SO IF YOU PUT IN SOMETHING GOOD, WILL IT MAKE IT BETTER?

ABSOLUTELY!

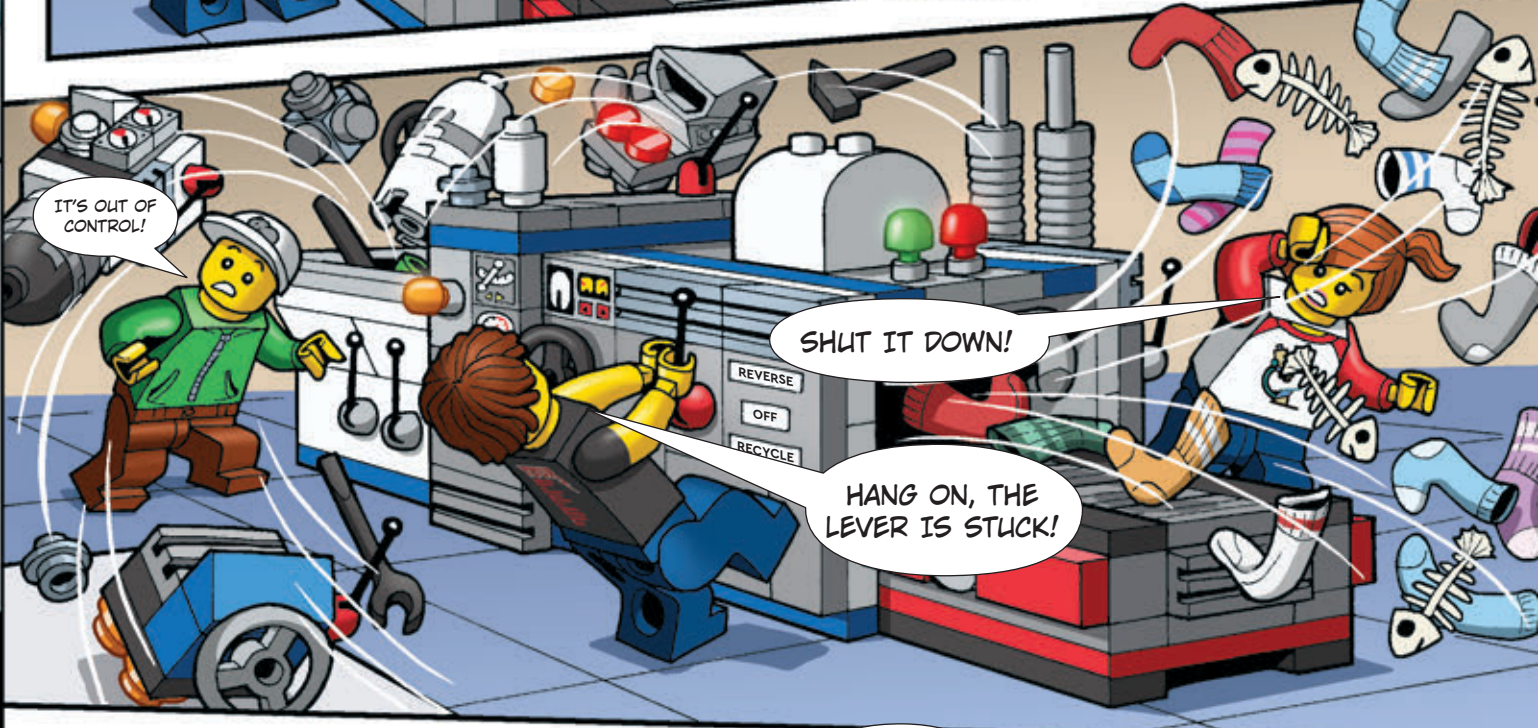

OH NO!
I KNOCKED IT INTO REVERSE!

WHAT DOES THAT MEAN?

IT TURNS GOOD STUFF INTO BAD STUFF.

AAACCK!
OLD, SMELLY SOCKS!

IT'S OUT OF CONTROL!

SHUT IT DOWN!

HANG ON, THE LEVER IS STUCK!

WHW! I THINK THE RECYCLER NEEDS A LITTLE WORK.

MAX, YOU DON'T NEED A MACHINE TO CUT DOWN ON WASTE.

BEFORE YOU THROW SOMETHING AWAY, JUST STOP AND THINK IF IT IS SOMETHING YOU CAN RECYCLE.

IT'S JUST ONE MORE WAY WE CAN ALL HELP SAVE THE PLANET.

GREAT! NOW LET'S GET OUT OF HERE. THESE SOCKS SMELL LIKE ONION JUICE. I'LL USE MY SUPER STINKY SOCK SCRUBBER AND CLEAN THEM UP LATER.

DON'T MISS GLOBAL RECYCLING DAY ON MARCH 18!

MAKE YOUR OWN DEVICE HOLDER

Tablet and phone holders are great to use while you are watching your favorite music videos, or even when making one of your own! Give your hands a rest with this awesome creation.

Share your device holder on the LEGO® Life app to celebrate Global Recycling Day! #BuildTheChange

Brick-Built Tablet Holder

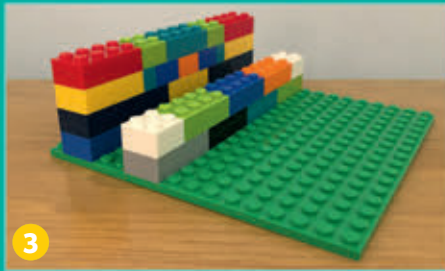

Create a tablet holder using pieces from your LEGO® collection and the steps below.

1 Start with a small baseplate and some square and rectangular bricks. The size of the baseplate you'll need will depend on whether you have a big or small tablet.

2 Build two walls, each the length of the baseplate. The first wall should be two LEGO bricks high. The second wall four LEGO bricks high. Use whatever colors you like!

3 Attach the walls to the baseplate. You can adjust the angle in which the tablet will stand by moving the walls closer or further apart.

4 Get creative! Add some brick-built animals and other decorative elements to your build to add your own finishing touch. It'll look super fun!

5 Place your tablet in the holder, either in landscape or portrait position, then sit back and enjoy!

Paper Device Holder

To make a paper device holder you can use the center of a roll of toilet paper. Ask a parent or grown-up to help. Here are some supplies you may need:

- 1 First you want to make sure you clean off all the toilet paper.
- 2 Next, make two cuts down one side of the roll and then two cuts on the other side. Refer to R1. The dotted lines represent where to cut.
- 3 Fold out both paper strips, one on each side of the roll. Cut the strips shorter. Refer to R2.
- 4 Cut the front of the tube down to where you like it. Refer to R3. Now it's time to decorate your roll!
- 5 Look around your house and see what other items you could use to make a holder? How about a paper towel cardboard roll or just any thick piece of cardboard?

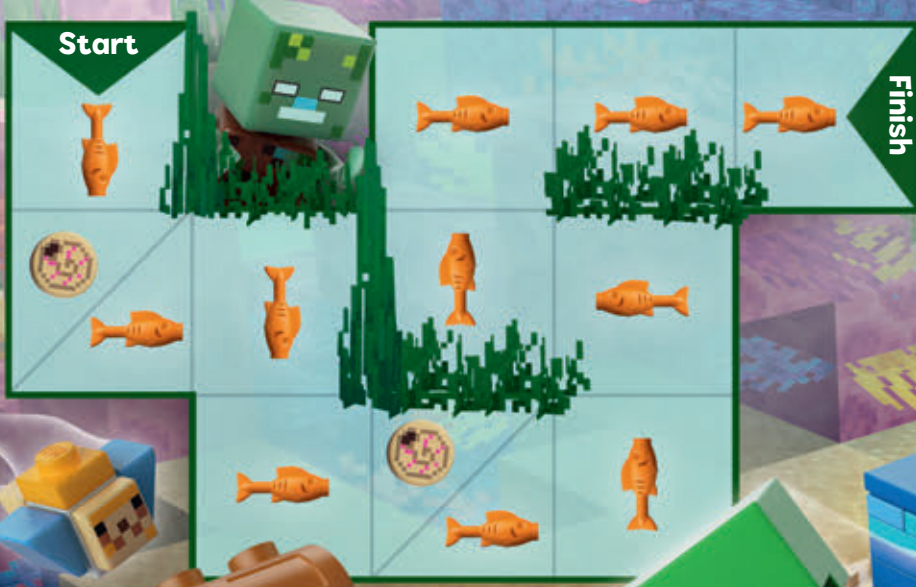

DID YOU KNOW?

Global Recycling Day is March 18! Sustainable packaging will replace existing bags in all LEGO sets by the end of 2025 as part of our commitment to helping the environment.

CORAL REEF CODING!

Alex is searching for seashells around the coral reef. Let's use coding to help find the way! Coding is a special language used to tell computers what to do and create video games like Minecraft™. We've used fish and shell symbols to show the path through the maze.

BONUS PUZZLE:
Count all of the seashells you can find on this page! We have found one here for you already.

NOW THAT YOU SEE THE PATH, IT'S TIME TO CODE!

- Draw arrows (up, down, left or right) to show which direction Alex should go.
- Hint: Just match the direction the fish are pointing in the maze above.
- If Alex can pick up a shell, draw two symbols. First, draw an "O" for the shell, then draw an arrow directing to the next box.

We filled in the first four symbols to get you started!

CARING FOR YOUR PET

Feed your animals healthy pet food. Remember, some foods that people eat are not good for animals.

DR. DONNA CARES FOR ALL KINDS OF ANIMALS, BIG AND SMALL.

I FEEL MUCH BETTER NOW. WHO WANTS TO GO FOR A GALLOP?

WE CAN DO EVERYTHING FROM A CHECK-UP TO HELPING AN ILL ANIMAL GET BETTER.

A Veterinary Pioneer

Elinor McGrath graduated from veterinary college in the United States in 1910. She focused on caring for small animals, like cats, dogs and hamsters. That was unusual at the time, because most vets looked after farm animals like horses, not pets.

International Women's Day was this month! Celebrate by building something for a woman hero in your life. You can even submit it as a Cool Creation (see page 20).
