THE Change

Hello readers, it's Max here! In this LEGO® Magazine you can meet Pharrell Williams! He is a musician, artist and fashion designer who grew up in the USA.

No matter where I go, I'm asking questions, I'm trying to understand, I'm learning all the time. When you're curious, that's when your imagination is set on fire.

I did not realise that I learnt differently until I was 12 or 13 years old. I would associate colours with music and sound. The easiest way for me to remember things was by remembering what colour they were.

Hi and welcome

There are some cool animals in this magazine! Can you spot them all? Also, do you know what type of LEGO® builder you are? You will find out soon!

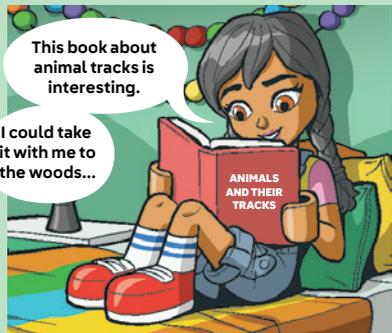

Hi, it's Valentina! We also packed the magazine full of your creations, quizzes and exciting trips. Join us in the woods and... up a treehouse!

Forest parties are my favourite.

What treasure is hiding in the grass?

Butterflies are so cute!

The adventures of Max and Valentina

This book about animal tracks is interesting.

I could take it with me to the woods...

Or I could invent a machine to analyse animal footprints!

Are you puzzled?

Look for these bricks on activity pages. They will tell you if the activity is easy, hard, or somewhere in-between.

Try them all and see how you do! If you get stuck, all the answers can be found on page 27.

The best discovery

Visiting the beekeepers

Paisley and her friends love spending time in the garden. When visiting Paisley's grandparents, Orla and Terence, they play with the pets, get to help collect honey from the beehives, and find out all about the amazing world of bees!

Paisley, you won't believe this, but bees can't see red!

That's right, Aliya. But they still love the brightest, most colourful flowers.

Bees can recognise human faces!

I wonder if they would recognise me too!

Zac, did you know that honey bees fly at a speed of 24 km/h (15 mph)?

Autumn, did you know that there can be around 35-60,000 bees in a hive?

Wow, Leo. That's as fast as a bike zooming down a hill!

So a hive is like a small Heartlake City!

Are you a bee expert?

Read the friends' facts above and mark which of the sentences below are true or false.

- 1 A hive can have up to 60,000 bees. true false
- 2 Bees can't see all the colours. true false
- 3 Bees have eight legs. true false
- 4 Honey bees can fly at about 24 km/h (15 mph). true false

Where are the pets?

All the pets are having a lot of fun playing in the garden! Find where Amos, Peri and Pickle are!

- Amos
- Peri
- Pickle

Bees have six legs?
I wonder how high
they can hop?

Beekeepers
wear white suits to
keep bees calm, Olly,
because bees don't
like dark colours.

Ha! I should
try making a clothing
line all in white!

Discover the plants

Just like the bees, Paisley also loves flowers and plants! Look at the pictures of plants below and find them in the garden. Watch out – one plant is not there!

It's battle time

If you could recover the Chaos Emerald from the Biolizard, who would you choose to be: Super Sonic or Super Shadow?

Pick your hero

Pick your favourite moves by placing a tick next to one of the choices. They will decide who you become in the battle and what happens next!

The fight begins!

You shoot from the speed sphere!

You hide, planning your strike!

When the Biolizard fires studs:

You leap over them with ease!

You avoid them with a quick spin!

When the Biolizard swings its tail:

You vanish in a blur before it can hit you!

You teleport for a surprise move!

More left: Sonic!

As Sonic, you break the sound barrier, snatch the Chaos Emerald from the Biolizard, and power down his energy pod!

More right: Shadow!

As Shadow, you trick the Biolizard, grab the Chaos Emerald, and with one swift move, knock his energy pod down.

Triple track race

Gear up for a thrilling Grand Prix™! Mercedes-AMG PETRONAS F1® Team, McLaren Formula 1 Team, and BWT Alpine F1® Team are ready for a three-stage race that gets tougher with each track. Let's go!

Ready, set, go!

Challenge up to two friends or go solo! Follow each track and speed your way to the FINISH line.

Prepare:

Each player picks a LEGO® minifigure or a minidoll figure to use as a racing car playing piece and places it at the START.

Use a LEGO® brick as a dice, throw it to move:

Studs up

One more idea

1

Liann, Aliya, Leo, Autumn, and Nova are almost finished with the treehouse construction, but they might have missed something...

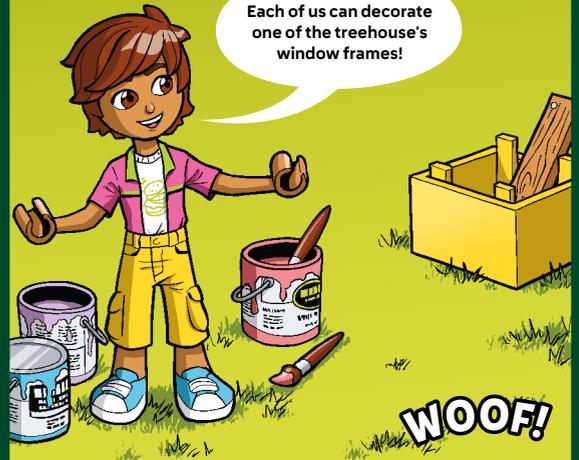

Looks like we're almost there!

We just need to finish painting it, and the treehouse will be ready!

WOOF!

2

Each of us can decorate one of the treehouse's window frames!

WOOF!

3

WOOF!

WOOF!

4

Pickle!

5

We forgot about Pickle!

How will we get him up the treehouse?

We need to build a lift!

We need an idea!

6

Why would we need a lift if we have a slide? We could use it to bring Pickle up!

I think we need something less slippery... and safer!

7

I just thought of something!

I tried turning this leaf blower into an engine, but your idea might be better!

8

We have everything we need...

...to build a real lift with opening doors and a platform!

We can make it big enough for one of us to ride with Pickle, too!

9

I'll keep an eye on Churro, just in case he decides to help!

10

Ta-da!

We made it!

The best lift ever!

I guess now someone needs to climb up there and install it!

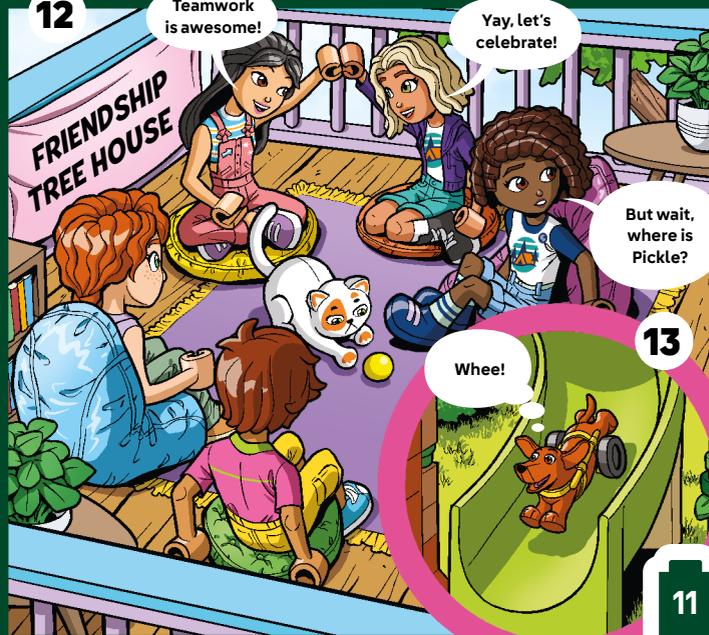

11

It seems like Pickle is enjoying it!

And it works without an engine!

12

Teamwork is awesome!

Yay, let's celebrate!

But wait, where is Pickle?

Whee!

13

Find your friend

Even though the two girls stick together, they each like different things! Elphaba loves to learn about magic and Glinda enjoys hanging out with her friends.

Glinda or Elphaba?

Answer the questions to find out who you will be spending time with. Get your friends to take the quiz as well, and compare your results!

1. Which would you enjoy more: getting a makeover or flying around Emerald City?

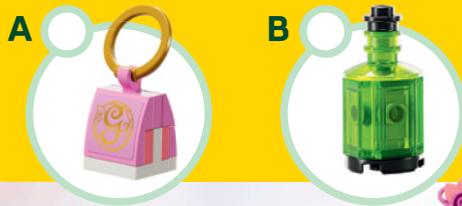

2. What would you choose: a stroll through Emerald City or studying magic at Shiz University?

3. Which style do you like more: a fancy gown with a tiara, or a cloak with a hat?

4. What would you pick: a hand bag or the green elixir bottle?

5. Would you rather hang out with Fiyero or go on an adventure with The Wizard?

More A answers – Glinda:

Glinda is your pal! She's charming and will always make you smile. You can organise a party at Shiz University, have a makeover or take a trip to the Emerald City together.

More B answers – Elphaba:

You would love spending the day with Elphaba! She's super brave and always stands up for what's right. You could read books, study spells or talk about friendship.

Your magical day

Now you know if you're with Glinda or Elphaba! Write your pal's name and finish the story of your day by filling in the blank spaces!

When _____ and I team up, we zoom off to _____ . There, we go _____ , eat some _____ , and enjoy _____ together.

Kai's vision

1

In the dojo, Sora, Cole and Lloyd are training, but Kai can't focus.

Hey Kai! What's going on?

I've been having this strange vision...

2

What kind of vision?

That our dojo was invaded by a dark force.

3

Don't worry, Kai. Everyone gets scared sometimes.

Let's get moving and it will pass!

4

Oh no! It's happening!

5

Build THE Change YELLOW™

We are all unique, and everyone's brain works differently, so we don't all learn the same way.

Together with Pharrell Williams and YELLOW™, we have asked children around the world to create and share what their perfect place to learn and play would look like!

Build the Change challenge

Ask your parents' or guardians' permission before going online.

Look at how Bre'Angel, Brian and Ariel would like to learn!

Bre'Angel – age 11

I built a dog garden because I want to feel like I'm in nature. When I'm studying I can go outside and pet the dogs and play with them.

Ariel – age 13

I'm a really vibrant learner. I express myself with colour and like to be creative, so I made a really colourful classroom.

Brian – age 12

I built a basketball court where I can play and talk about maths problems.

What would YOUR perfect way and place to learn look like?

Your ideas can take shape as LEGO® brick builds, drawings and crafted constructions!
