LEGO® Builder

## Des moments chaleureux lorsque l'hiver s'installe

À l'arrivée de l'automne et de l'hiver, la nature semble nous inviter à jouer avec ses splendides couleurs et à apprécier ses précieux cadeaux. Les baies rouges embellissent les branches vertes, tandis que les feuilles semblent rayonner et diffuser des teintes chaudes lorsqu'elles tombent à vos pieds. Faites entrer la couleur et la joie chez vous avant le retour des beaux jours. Appréciez le processus créatif et la satisfaction d'assembler toutes les formes et couleurs qui vous inspirent, puis lâchez prise. Avec cette élégante couronne ou guirlande LEGO®, vous pouvez prolonger ce sentiment de joie et renouveler votre décoration tout au long de la saison hivernale.

## Des arômes évoquant les fêtes

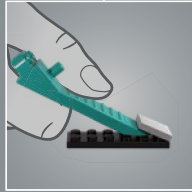

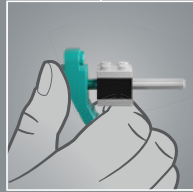

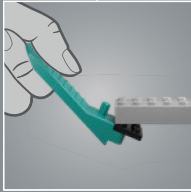

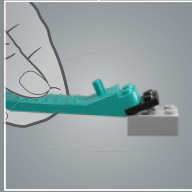

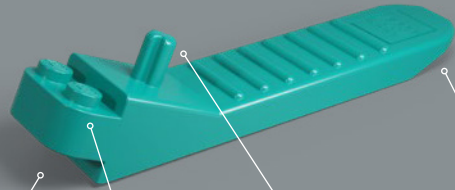

Chaque saison possède ses attraits. Même les sombres journées d'hiver nous offrent de beaux moments de partage avec nos proches. Peu de choses éveillent des souvenirs aussi agréables que les doux parfums aromatiques des fêtes de fin d'année : les branches de sapin vivifiantes, les tranches d'orange acidulées, la délicieuse cannelle ou la sève de pin boisée. Lorsque vous construisez ce set, inspirez-vous de toutes ces odeurs et épices familières. Construisez une couronne décorative à accrocher au mur ou une guirlande festive pour votre table. Ajoutez votre touche créative et personnalisez votre modèle en fonction de l'occasion, de votre humeur ou de votre décoration intérieure. Que ce soit dans la forme ou dans les détails, en changeant les baies ou en reconfigurant les éléments décoratifs, expérimentez avec les différentes pièces pour créer un modèle totalement nouveau. Nous espérons que ce modèle vous apportera du réconfort durant les jours de froid et qu'il vous permettra de créer de précieux souvenirs à chérir pendant des années.

Lorsqu'elles sont assemblées en séquence, les tiges de fleurs LEGO® forment des aiguilles de sapin remarquablement pointues.

Le dessous des aiguilles du sapin de Fraser a une teinte bleuâtre. Elle est ici représentée par des feuilles de palmier vert-de-gris, une nouvelle couleur pour cet élément LEGO® classique apparu pour la première fois en 1989.

Certaines espèces de magnolia ont un feuillage persistant, ce qui rend leurs feuilles parfaites pour être intégrées dans des compositions florales tout au long de l'année.
