Folleto disponible en español en

The beginning of a new era in music history

For 75 years, passionate, creative Fender® designers have continuously pushed the envelope in musical expression. Founded by Clarence "Leo" Fender in Fullerton, California in 1946, the Fender company built a strong foundation for a new era in music history. Its legacy has been cemented time and time again with innovative amplifiers and handcrafted electric "lap steel" guitars. From the 1950 Esquire®, the Telecaster® and Precision Bass® guitars, to one of the most legendary, best-selling guitars ever produced – the Fender Stratocaster® guitar – it has become an instrument used by generations of artists to carve their own niche in music history.

"Artists are angels. God put me on this planet to give them wings."

– Clarence "Leo" Fender, founder of Fender®

Le début d'une nouvelle ère dans l'histoire de la musique

Depuis 75 ans, les concepteurs passionnés et créatifs de Fender® ne cessent de repousser les limites de l'expression musicale. Fondée en 1946 par Clarence « Leo » Fender à Fullerton, en Californie, la société Fender a bâti une base solide pour une nouvelle ère dans l'histoire de la musique. Son héritage a été cimenté maintes fois grâce à des amplificateurs novateurs et à des guitares électriques « hawaïennes » fabriquées à la main. De la guitare Esquire® lancée en 1950 aux guitares Telecaster® et Precision Bass®, en passant par la guitare Stratocaster® – l'une des plus légendaires et des plus vendues jamais produites – ces instruments ont été utilisés par des générations d'artistes rêvant de se tailler une place dans l'histoire de la musique.

« Les artistes sont des anges. Dieu m'a mis sur cette planète pour leur donner des ailes. »

– Clarence « Leo » Fender, fondateur de Fender®

El inicio de una nueva era en la historia de la música

Durante 75 años, los apasionados y creativos diseñadores de Fender® han empujado incesantemente los límites de lo posible en la expresión musical. Fundada por Clarence "Leo" Fender en Fullerton, California (EE. UU.), en 1946, la compañía Fender construyó cimientos sólidos para una nueva era en la historia de la música. Su legado se ha consolidado una y otra vez con una gama de innovadores productos que incluye, entre otras cosas, amplificadores y guitarras eléctricas *lap steel* de fabricación artesanal. Desde los modelos Esquire®, Telecaster® y Precision Bass® de 1950 hasta la Fender Stratocaster®, una de las guitarras más legendarias y vendidas de la historia, estos instrumentos han sido el medio con el que generaciones completas de artistas se han labrado un nicho en la historia de la música.

"Los artistas son ángeles. Dios me puso en este planeta para darles alas".

- Clarence "Leo" Fender, fundador de Fender®

Build your own icon

Your LEGO® Fender® Stratocaster™ guitar lets you experience what it's like to create this legendary, signature design. Listen to your favorite Stratocaster® guitar play list as you build, pretend-play along to your favorite riffs, or find the perfect place to showcase it on your display stand.

Enjoy all the unique features you love about the original, from the guitar strings to the decorated fretboard. Choose a red or black design and just change colors if you want to update your display. Your '65 Princeton® Reverb amp model is a faithful replica of the real-life amp design, with intricate, realistic details right down to the LEGO gem Fender jewel. The footswitch connects the set and brings the model together.

Whether you're playing a real-life guitar, building with LEGO bricks, or immersing yourself in other creative crafts, you can trigger the same feeling of being in a 'groove,' a state of mind that seems to transcend time and space and lets you find your perfect rhythm.

TREMOLO DEVICE FOR STRINGED INSTRUMENTS

Filed Aug. 30, 1954

Construisez votre propre icône

Votre guitare Fender® Stratocaster™ LEGO® vous permettra de vivre l'expérience de la création d'une icône légendaire et unique. Écoutez votre liste de lecture de guitare Stratocaster® préférée pendant que vous construisez, faites semblant de jouer vos riffs favoris ou trouvez l'endroit idéal pour mettre votre guitare en valeur.

Vous retrouverez toutes les caractéristiques uniques de la guitare originale que vous aimez, des cordes au manche orné. Choisissez un fini rouge ou noir et changez simplement de couleur si vous souhaitez actualiser votre pièce décorative. Votre modèle d'ampli Princeton® Reverb 1965 est une réplique fidèle de l'ampli réel, avec des détails complexes et réalistes comme la gemme LEGO en guise de témoin d'alimentation « joyau » Fender. La pédale se connecte à l'ensemble et complète le modèle.

Que vous jouiez de la guitare, que vous construisiez avec des briques LEGO ou que vous vous adonniez à d'autres activités créatives, vous pouvez vous laisser gagner par le « groove », un état d'esprit qui semble transcender le temps et l'espace et vous permet de trouver le rythme parfait.

Construye tu propio ícono

Tu guitarra LEGO® Fender® Stratocaster™ te permite experimentar de primera mano la creación de este legendario y exclusivo diseño. Escucha tu lista favorita de éxitos con las notas de la guitarra Stratocaster® mientras la construyes, emula los movimientos de tu guitarrista más admirado al ritmo de inconfundibles escalas o encuentra un lugar ideal para lucirla en su base de exhibición.

Disfruta de todas las exclusivas características que te encantan de la guitarra original, desde las cuerdas hasta el diapason decorado. Elige un diseño en rojo o negro, o cambia el color cada vez que quieras dar un toque de frescura a tu exhibición. El modelo del amplificador Princeton® Reverb del año 1965 es una réplica fiel que representa con gran precisión en versión LEGO los intrincados detalles de la joya original creada por Fender. El pedal conecta ambas partes del set para completar el modelo.

Tocar una guitarra de verdad, construir con bricks LEGO o sumergirte en otras actividades creativas puede hacerte sentir *en sintonía*, un estado mental que parece trascender el tiempo y el espacio y te permite encontrar tu frecuencia de vibración ideal.

Building music

LEGO® fans around the world constantly find new ways to amaze and surprise us with their creativity and talent. When we challenged fans to share their music-themed designs in a contest – 'Music to our Ears' – on the LEGO Ideas website, we were incredibly impressed with all the awesome ideas submitted. We selected nine for a special design review and the LEGO Ideas review board voted for the **LEGO Fender® Stratocaster™ guitar** as the next LEGO Ideas product. It's a true global icon and we immediately saw its potential.

Monica Pedersen
LEGO® Senior Marketing Manager

Construire de la musique

Les amateurs de LEGO® du monde entier trouvent constamment de nouvelles façons de nous émerveiller et de nous surprendre par leur créativité et leur talent. Lorsque nous avons lancé aux amateurs le défi de partager leurs créations sur le thème de la musique dans le cadre du concours « Music to our Ears » sur le site Web de LEGO Ideas, nous avons été incroyablement impressionnés par les superbes idées soumises. Nous en avons sélectionné neuf pour un examen approfondi de la conception et le comité d'évaluation de LEGO Ideas a voté pour la guitare Fender® Stratocaster™ LEGO comme prochain produit LEGO Ideas. C'est une véritable icône mondiale et nous avons tout de suite vu son potentiel.

Monica Pedersen
Responsable principale du marketing LEGO®

Materializa la música

Fans de LEGO® de todos los rincones del mundo encuentran incesantemente nuevas formas de asombrarnos y sorprendernos con su creatividad y talento. Quedamos increíblemente impresionados con todas las asombrosas ideas que recibimos cuando los desafiamos a compartir sus diseños con temática musical en el concurso "Music to our Ears" del sitio web de LEGO Ideas. Seleccionamos nueve de los diseños para una revisión especial y, al final, la junta examinadora eligió la guitarra LEGO Fender® Stratocaster™ como el próximo producto LEGO Ideas. Al ser un verdadero ícono global, su potencial es más que evidente.

Monica Pedersen
Jefa de mercadotecnia sénior de LEGO®

Meet the Fan Designer

Tomáš Letenay (LEGO® Ideas nickname TOMOELL) is 32 years old and lives near Bratislava, Slovakia, with his wife and son. He's an architect and interior designer, a creative LEGO builder and an avid music fan who plays the drums and guitar in a band.

"Playing the guitar became my gateway to the world of music at a young age. I worked part-time jobs after school, saved all my money and bought my first electric guitar. It was not a Stratocaster® guitar. Although that's still a big dream!"

The shapes and curves of the guitar were fun challenges for the seasoned LEGO builder. Especially the body and pickguard.

"I had so much fun with the designing process. I hope both Fender® and LEGO fans will enjoy building it."

Rencontre avec le concepteur amateur

Tomáš Letenay (ou TOMOELL, son pseudonyme LEGO® Ideas) a 32 ans et vit près de Bratislava, en Slovaquie, avec sa femme et son fils. Architecte et décorateur d'intérieur, il est aussi un constructeur LEGO créatif et un grand amateur de musique qui joue de la batterie et de la guitare dans un groupe.

« Jouer de la guitare m'a fait découvrir le monde de la musique à un jeune âge. J'ai travaillé à temps partiel après l'école, économisé mon argent et acheté ma première guitare électrique. Ce n'était pas une guitare Stratocaster®. Mais ça reste un grand rêve ! »
Le rendu des formes et des courbes de la guitare a représenté un défi amusant pour le constructeur LEGO chevronné. Surtout le corps et la plaque de protection.

« J'ai eu tellement de plaisir avec le processus de conception. J'espère que les amateurs de Fender® et de LEGO aimeront construire ce modèle. »

« Si les vies parallèles existent, je suis certainement quelque part en train de construire avec des briques LEGO, toute la journée. »

-- Tomáš Letenay

"If parallel lives exist, I'm definitely building with LEGO bricks all day long somewhere."

-- Tomáš Letenay

Conoce al fan diseñador

Tomáš Letenay (cuyo apodo es TOMOELL en LEGO® Ideas) tiene 32 años y vive cerca de Bratislava (Eslovaquia) con su esposa e hijo. Se dedica a la arquitectura y al diseño de interiores, además de ser un creativo constructor LEGO y un ávido fan de la música que toca la batería y la guitarra en una banda.

"Tocar la guitarra fue mi puerta de entrada al mundo de la música a temprana edad. Trabajé medio tiempo después de la escuela, ahorré todo mi dinero y compré mi primera guitarra eléctrica. Aunque no se trataba de una Stratocaster®, ¡era una manera de soñar en grande!"

Las formas y curvas de la guitarra, especialmente las del cuerpo y el golpeador, representaron un divertido desafío para el experimentado constructor LEGO.

"El proceso de diseño fue algo muy divertido. ¡Espero que tanto los fans de Fender® como los de LEGO disfruten mucho construyéndola!"

"Si existen las vidas paralelas, definitivamente en algún lugar paso todo el día construyendo con bricks LEGO".

-- Tomáš Letenay

The LEGO® guitarists

"I own a Fender® Precision Bass® guitar and I love the details in Tomáš's model. Ricardo and I experimented with the guitar body and ways to integrate the neck and textile strap into one cool, solid model, and worked with Fender designers to make both the guitar and amp as authentic as possible. Enjoy all the funky building techniques!"

- Marin Stipković, LEGO® Model Designer

"I love guitars, and the Fender Stratocaster® guitar and Princeton® Reverb amp are such icons. With the 70s Stratocaster® guitar as reference, we used advanced building techniques to achieve the fluid shapes and placement of the strings. It was a true team effort. Plus, you get a LEGO® Fender sticker to place on your guitar case. So, you can show everybody both your passions!"

-Ricardo Dias, LEGO® Model Designer

"I am the graphic designer on the team, and I was thrilled to work on this iconic model. This project let me play with one of my biggest passions – music! The Fender Stratocaster® guitar has always been a design inspiration for me, so it was exciting to recreate everything in LEGO form, especially the strap. It was a great team collaboration."

-Beatrice Amoretti, LEGO® Graphic Designer

Les guitaristes de LEGO®

« Je possède une guitare Fender® Precision Bass® et j'adore les détails du modèle de Tomáš. Ricardo et moi avons expérimenté avec le corps de la guitare et les moyens d'intégrer le manche et la courroie textile en un seul modèle superbe et solide, et nous avons travaillé avec les concepteurs de Fender pour rendre la guitare et l'ampli aussi réalistes que possible. Nous espérons que vous trouverez la construction électrisante ! »

- Marin Stipković, concepteur de modèles LEGO®

« J'adore les guitares, et la guitare Stratocaster® et l'ampli Princeton® Reverb de Fender® sont de véritables icônes. En utilisant la guitare Stratocaster® des années 1970 comme référence, nous avons employé des techniques de construction avancées pour rendre les formes fluides et le positionnement des cordes. C'était un véritable travail d'équipe. De plus, l'ensemble inclut un autocollant LEGO® Fender à placer sur votre étui de guitare. Ainsi, vous pouvez montrer vos deux passions à tout le monde ! »

- Ricardo Dias, concepteur de modèles LEGO®

Marin Stipković

« Je suis la graphiste de l'équipe, et j'ai été ravie de travailler sur ce modèle emblématique. Ce projet m'a permis de jouer avec l'une de mes plus grandes passions – la musique ! La guitare Fender Stratocaster® a toujours été une source d'inspiration pour moi; c'était donc passionnant de tout recréer sous forme LEGO, surtout la courroie. C'était une excellente collaboration d'équipe. »

- Beatrice Amoretti, graphiste LEGO®

Ricardo Dias

Los guitarristas de LEGO®

“Tengo un bajo Fender® Precision Bass® y me encantan los detalles del modelo de Tomáš. Además de experimentar con el cuerpo de la guitarra, Ricardo y yo exploramos distintas maneras de integrar el cuello y la correa textil en un modelo sólido y vistoso, y trabajamos con los diseñadores de Fender® para hacer que tanto la guitarra como el amplificador fueran lo más auténticos posible. ¡Disfruten de todas las extravagantes técnicas de construcción que incorpora!”.

– Marin Stipković, modelista de LEGO®

“Me encantan las guitarras, y tanto la Fender Stratocaster® como el amplificador Princeton® Reverb son verdaderos íconos. Tomamos la guitarra Stratocaster® de los años 70 como referencia y utilizamos técnicas avanzadas de construcción para

Beatrice Amoretti

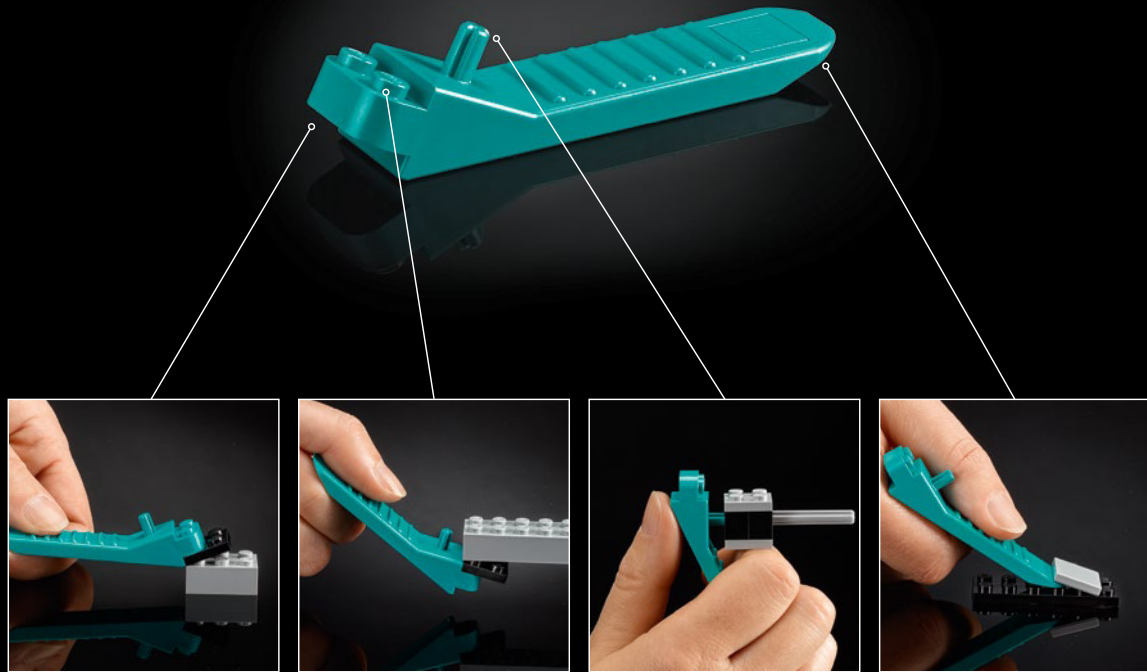

reproducir las formas fluidas y la colocación de las cuerdas. Sin duda, fue un esfuerzo de equipo. Además, obtienen una calcomanía de LEGO® Fender para colocar en la funda de su guitarra. ¡Así podrán mostrar al mundo sus pasiones!”.

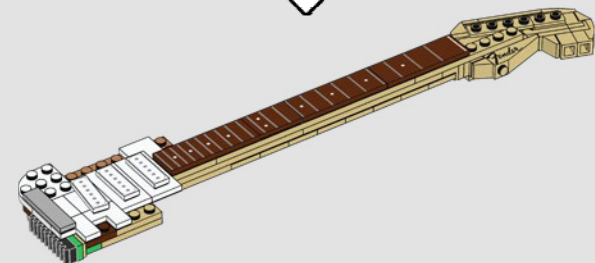

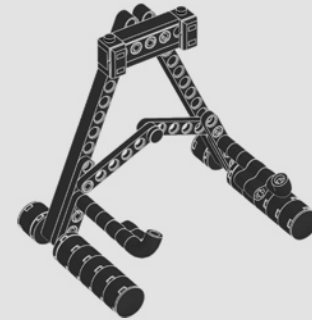

– Ricardo Dias, modelista de LEGO®

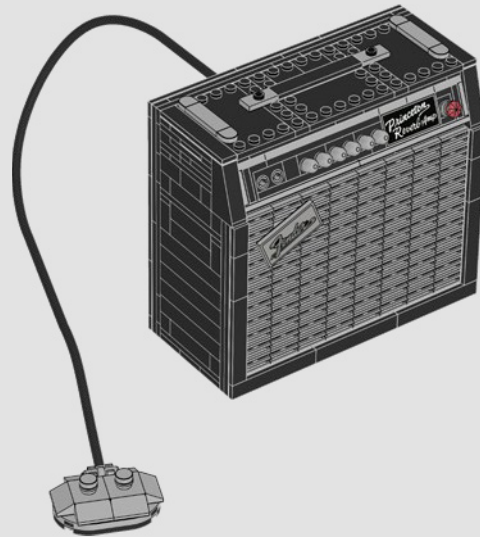

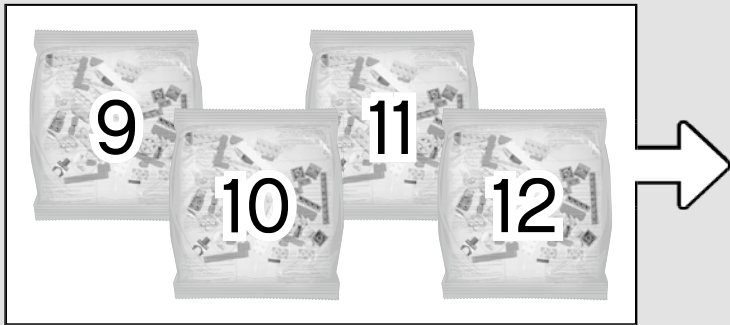

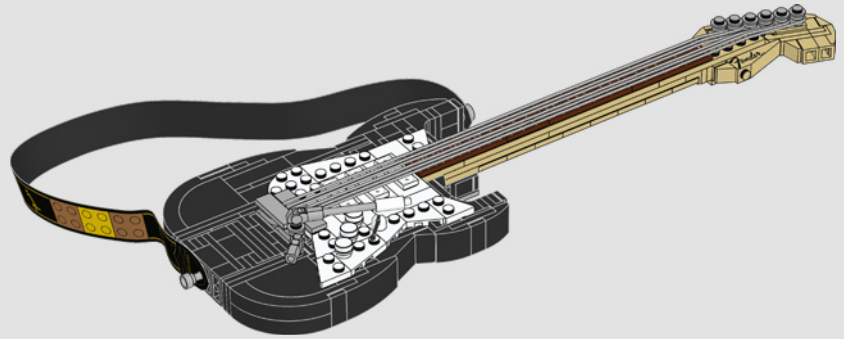

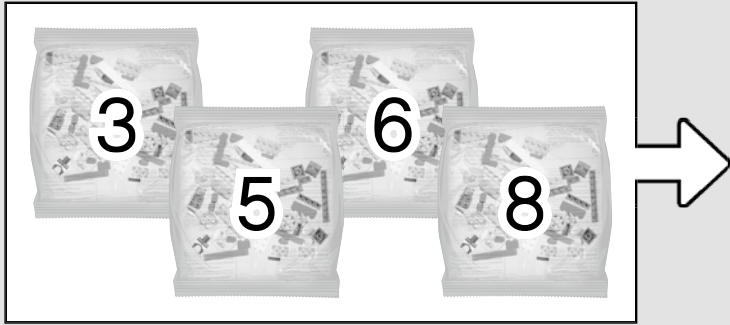

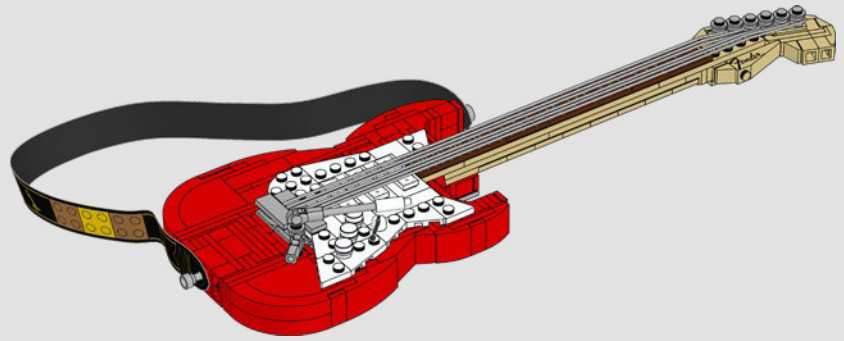

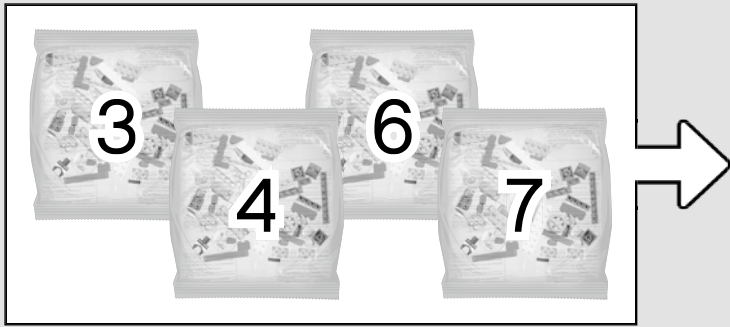

“Soy la diseñadora gráfica del equipo, y trabajar en este icónico modelo fue para mí algo muy emocionante. Este proyecto me permitió jugar con una de mis mayores pasiones: ¡la música! El diseño de la guitarra Fender Stratocaster® siempre me ha parecido muy inspirador, por lo que disfruté mucho el proceso de recrear cada detalle con bricks LEGO; especialmente la correa. Fue una excelente colaboración en equipo”.

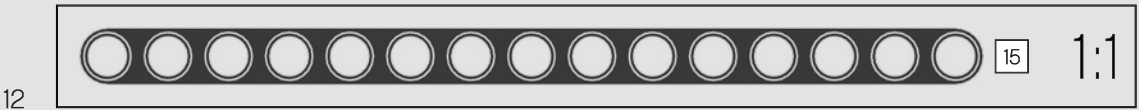

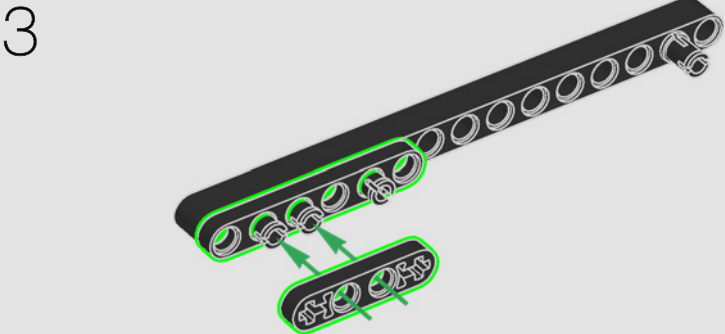

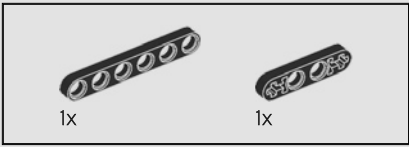

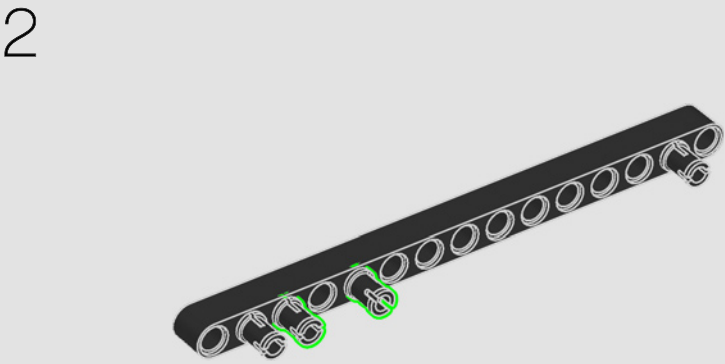

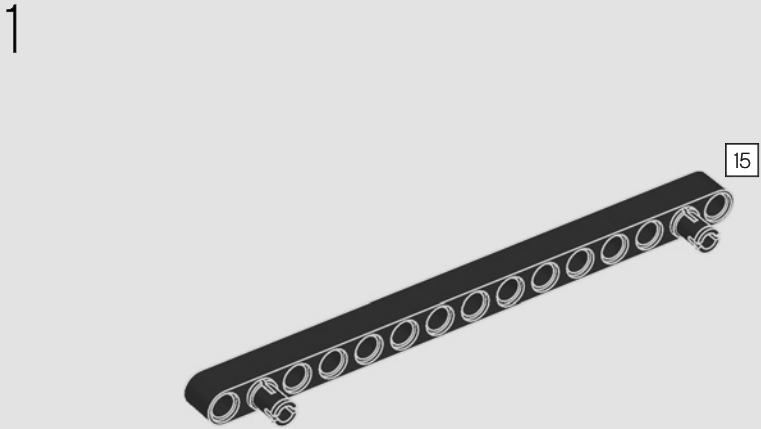

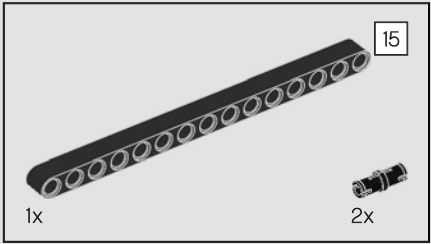

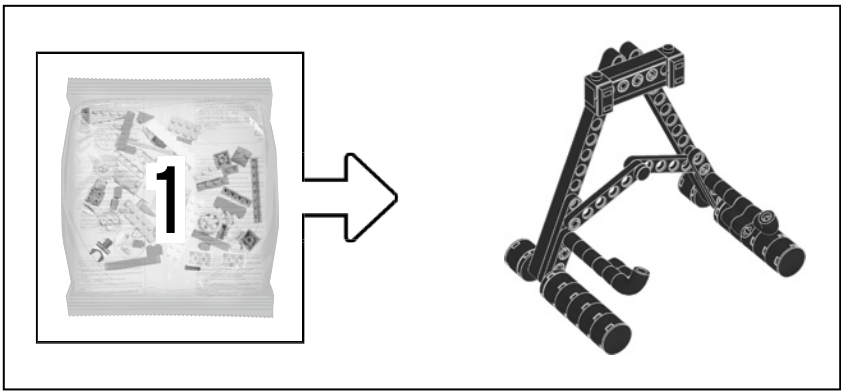

– Beatrice Amoretti, diseñadora gráfica de LEGO®
