WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

LEGO® Builder

Welcome to LEGO® Art

Experiencing art in any form expands our imagination and unleashes our creative curiosity. What drives the great masters to create iconic works of art can be found in each one of us. It starts with observing *what is*, wondering *what might be*, and feeling inspired to *express new ideas* in an artistic medium. Welcome to the LEGO® Art experience.

Bienvenue à LEGO® Art

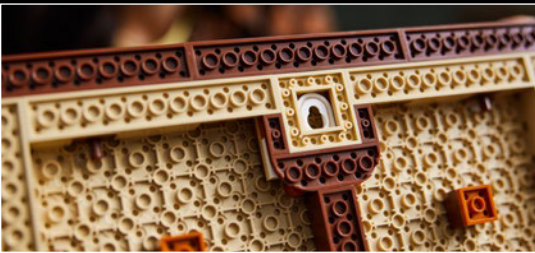

Vivre l'art sous toutes ses formes développe notre imagination et libère notre curiosité créative. Ce qui pousse les grands maîtres à créer des œuvres d'art emblématiques se trouve en chacun de nous. Cela commence par l'observation de ce *qui est*, l'interrogation sur ce *qui pourrait être* et l'inspiration pour exprimer de nouvelles idées au moyen de l'art. Bienvenue dans l'expérience LEGO® Art.

Te damos la bienvenida a LEGO® Art

Experimentar el arte en cualquiera de sus formas amplía los límites de nuestra imaginación, además de liberar nuestra curiosidad y creatividad. Ese motor que impulsa a los grandes maestros a crear obras de arte icónicas existe en cada uno de nosotros: comienza por observar *algo que es*, y continúa cuando te preguntas lo que *podría ser* y reúnes la inspiración para *expresar nuevas ideas* a través de un medio artístico. Esta es tu bienvenida a la experiencia LEGO® Art.

Build & Display

Your LEGO® Art *Mona Lisa* has a built-in wall hanger element, so it's easy to hang on your wall.

Construisez et exposez

La Joconde LEGO® Art est munie d'un élément d'accrochage mural intégré ; elle est donc facile à accrocher à votre mur.

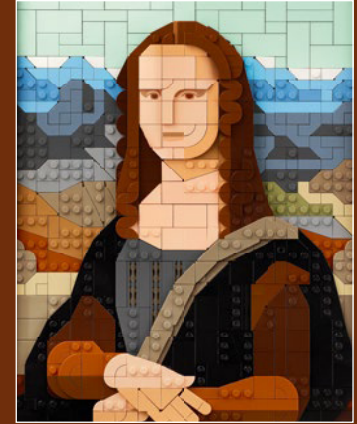

Construye y exhibe

Tu *Mona Lisa* LEGO® Art lleva integrado un colgador, por lo que te resultará muy fácil exhibirla en una pared.

MONALISA LA JOCCONDE LA MONALISA

*"One might truly say
that the artistry of this
work would cause fear
and trembling in any
valiant artist."*

– Giorgio Vasari, 1550

A visionary scientist, inventor and polymath, Leonardo da Vinci (1452–1519) is most famously known for his groundbreaking Renaissance artwork. He created relatively few paintings, but his expansive portfolio of realistic and lifelike drawings, illustrations and inventions is proof of his meticulous scientific methods, love of nature, unparalleled imagination, artistic talent and innovative techniques. The most famous of his works is his enigmatic portrait of Lisa Gherardini, the *Mona Lisa*. Painted on a poplar panel in a carved walnut frame, it is the result of more than a decade's work (1503–1519). Da Vinci applied layers of exquisite detail to achieve depth and perspective, and with the use of his ingenious *sfumato* technique, he softened contours and contrasts to bring out an almost ethereal glow in his model.

The artistic pinnacle of Da Vinci's exceptional career has enthralled royals, regents, artists and art lovers all over the world for five centuries. Since 1797, the *Mona Lisa* has been one of the crown jewels in the formidable Louvre Museum in Paris. A bold theft in 1911, which left the painting missing for two years, definitively propelled the piece to global fame, and millions of art lovers visit the *Mona Lisa* every year. Its influence on art history and pop culture remains unrivaled. Now you can retrace the lines of Da Vinci's majestic masterpiece without fear or trembling – just a deep respect for the artist and his creative mind.

« On peut dire avec vérité que ce portrait était peint de manière à faire craindre et trembler les plus grands maîtres. » — Giorgio Vasari, 1550

Scientifique visionnaire, inventeur et polymathe, Léonard de Vinci (1452–1519) est surtout connu pour ses œuvres d'art révolutionnaires de la Renaissance. Il a créé relativement peu de peintures, mais son vaste répertoire de dessins, d'illustrations et d'inventions réalistes témoigne de ses méthodes scientifiques méticuleuses, de son amour de la nature, de son imagination inégalée, de son talent artistique et de ses techniques novatrices. La plus célèbre de ses œuvres est l'énigmatique portrait de Lisa Gherardini, *La Joconde*. Peint sur un panneau de peuplier dans un cadre en noyer sculpté, il est le résultat de plus d'une décennie de travail (1503–1519). De Vinci a appliqué des couches de détails exquis pour créer de la profondeur et de la perspective, et grâce à son ingénieuse technique du *sfumato*, il a adouci les contours et les contrastes pour faire ressortir l'éclat presque éthéré de son modèle.

"Podría decirse con certeza que la maestría de esta obra causaría temor y haría estremecerse a cualquier artista valiente". – Giorgio Vasari, 1550

Un visionario científico, inventor y polímata, Leonardo da Vinci (1452–1519) es más conocido por sus revolucionarias obras de arte renacentistas. Si bien creó relativamente pocas pinturas, su amplia cartera de dibujos e ilustraciones de gran realismo, así como de invenciones, pone de manifiesto sus meticulosos métodos científicos, su amor por la naturaleza, su imaginación sin par, su talento artístico y sus técnicas innovadoras. La más famosa de sus obras es el enigmático retrato de Lisa Gherardini, la *Mona Lisa*. Pintada sobre un panel de álamo y con un marco de nogal tallado, es el resultado de más de una década de trabajo (1503–1519). Da Vinci superpuso capas exquisitamente detalladas para lograr profundidad y perspectiva y, mediante el uso del esfumado, una ingeniosa técnica pictórica creada por él mismo, suavizó los contornos y contrastes para dar un brillo casi etéreo a la efigie.

L'apogée artistique de la carrière exceptionnelle de Léonard de Vinci a captivé les rois, les régents, les artistes et les amateurs d'art du monde entier pendant cinq siècles. Depuis 1797, *La Joconde* est l'un des joyaux du formidable Musée du Louvre à Paris. Un vol audacieux commis en 1911, qui a laissé le tableau introuvable pendant deux ans, a propulsé l'œuvre vers une renommée mondiale, et des millions d'amateurs d'art visitent *La Joconde* chaque année. Son influence sur l'histoire de l'art et la culture populaire reste inégalée. Vous pouvez désormais retracer les lignes du majestueux chef-d'œuvre de Léonard de Vinci sans crainte ni tremblement, mais avec un profond respect pour l'artiste et son esprit créatif.

La cumbre artística de la excepcional carrera de Da Vinci lleva cinco siglos cautivando a miembros de la realeza, regentes, artistas y amantes del arte de todo el mundo. Desde 1797, la *Mona Lisa* es una de las joyas de la corona del formidable Museo del Louvre de París. Un audaz robo ocurrido en 1911, que mantuvo el cuadro desaparecido durante dos años, terminó de propulsar la obra a la fama mundial, y millones de amantes del arte visitan la *Mona Lisa* cada año. Su influencia en la historia del arte y la cultura popular sigue siendo inigualable. Y ahora tú puedes volver a trazar las líneas de la majestuosa obra maestra de Da Vinci sin ningún miedo ni estremecimiento, en un acto de profundo respeto por el artista y la creatividad de su mente.

The LEGO® Art interpretation

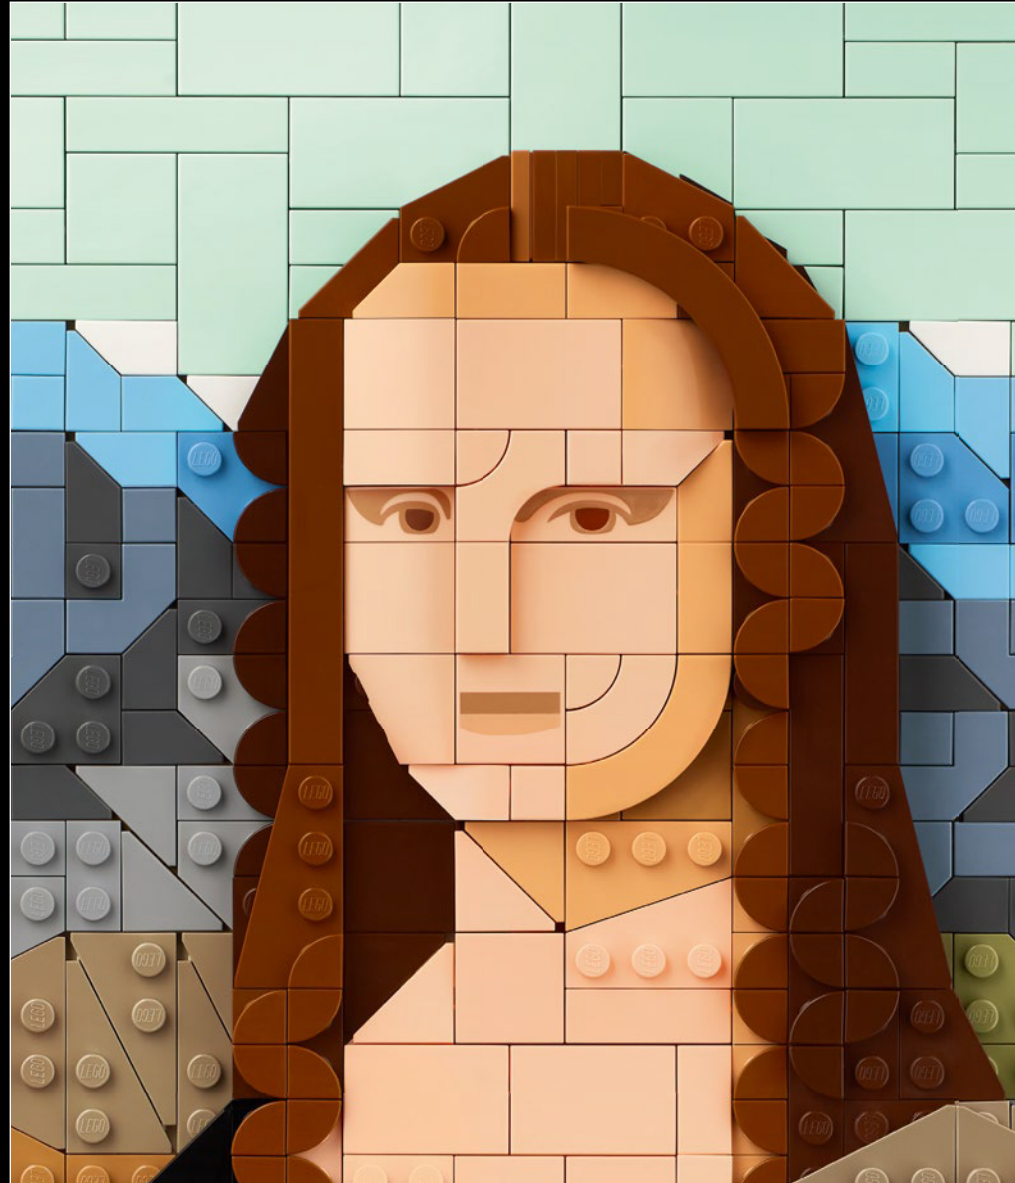

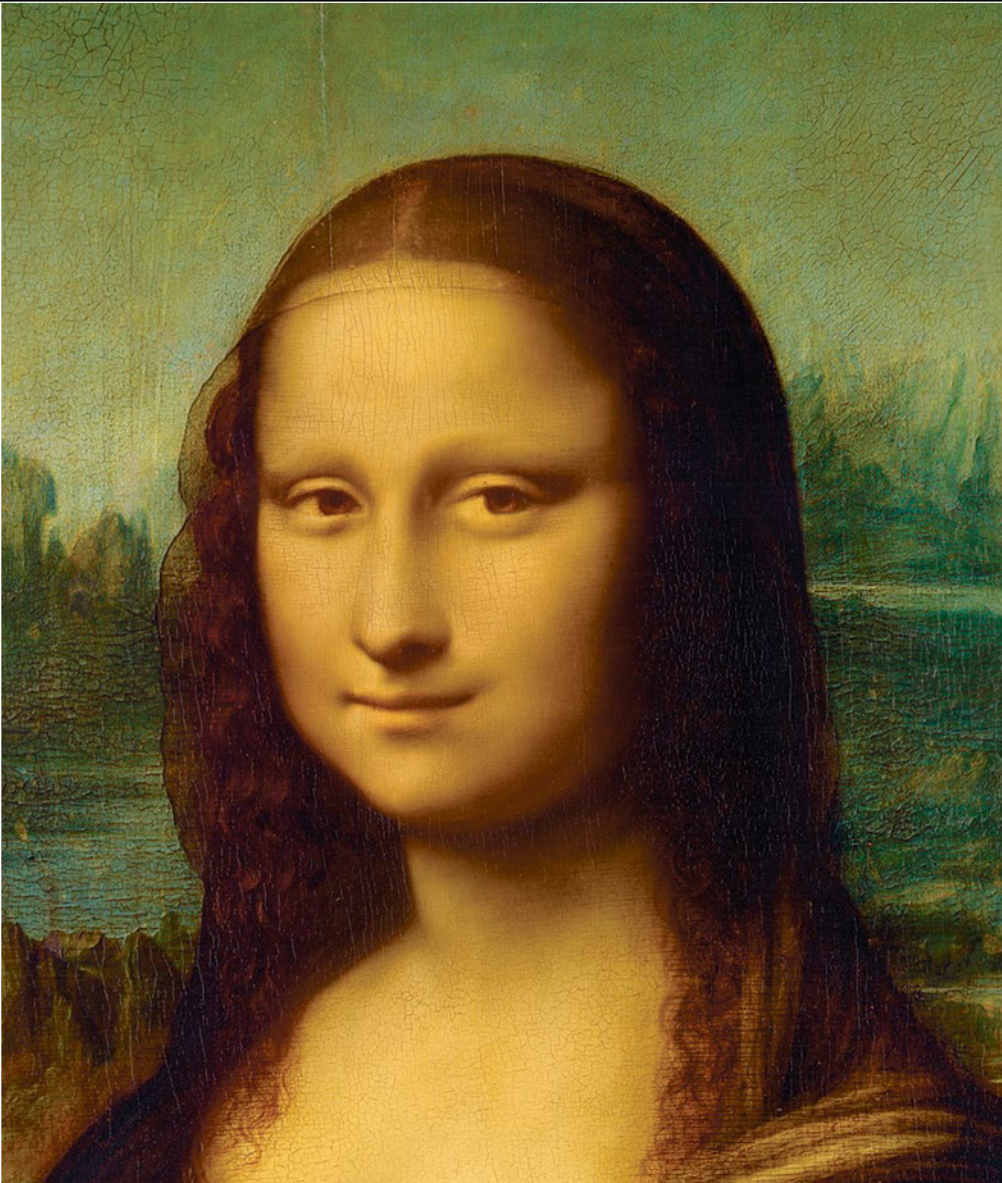

Re-interpreting **the** most famous artwork in the world in LEGO® form is a playful way to push the boundaries and find challenging new ways of using LEGO bricks as an artistic medium. A lot of research went into choosing the right format, colors and shapes to make the final artwork stand out. The colors in the original painting have naturally faded and the lacquer has oxidized, giving the piece a faint yellow tone. As an homage to Leonardo da Vinci's masterpiece, this model imagines what the *Mona Lisa* might have looked like when it was freshly painted, in a vibrant composition of LEGO colors. Geometric and mathematical formulas were applied to the model to make sure the pose and features are faithfully represented. Designed to delight and spark curiosity and creativity, this model demonstrates how you can really take advantage of the visual impact of LEGO elements and create your own art.

L'interprétation LEGO® Art

La réinterprétation de l'œuvre d'art la plus célèbre au monde sous forme de LEGO® est une manière ludique de repousser les limites et de trouver de nouvelles façons stimulantes d'utiliser les briques LEGO comme support artistique. Un travail acharné de recherche a été nécessaire pour choisir le bon format, les bonnes couleurs et les bonnes formes afin que l'œuvre d'art finale soit exceptionnelle. Les couleurs de la peinture originale ont naturellement pâli et la laque s'est oxydée, donnant à l'œuvre un léger ton jaune. En hommage au chef-d'œuvre de Léonard de Vinci, ce modèle imagine ce à quoi *La Joconde* aurait pu ressembler quand elle venait d'être peinte, dans une composition vibrante de couleurs LEGO. Des formules géométriques et mathématiques ont été appliquées au modèle pour s'assurer que la pose et les caractéristiques sont fidèlement représentées. Conçu pour ravir et susciter la curiosité et la créativité, ce modèle montre comment vous pouvez vraiment tirer parti de l'impact visuel des éléments LEGO et créer votre propre art.

La interpretación LEGO® Art

Reinterpretar la obra de arte **más famosa del mundo** en forma de un set LEGO® es una manera lúdica de superar los límites y encontrar nuevas y desafiantes formas de usar los bricks LEGO como un medio artístico. Se llevaron a cabo extensas investigaciones para elegir el formato, las tonalidades y las formas más adecuados para dar verdadera notoriedad al resultado. Los colores de la pintura original se han ido apagando de forma natural y la laca que se le aplicó al final ha sufrido los efectos de la oxidación, dando a la pieza un tenue tono amarillento. Como homenaje a la obra maestra de Leonardo da Vinci, este modelo intenta recrear el aspecto que podría haber tenido la *Mona Lisa* cuando estaba recién pintada mediante una vibrante combinación de colores LEGO. Se usaron diversas fórmulas geométricas y matemáticas a fin de representar con fidelidad la pose y los rasgos del famoso retrato. Diseñado para deleitar y despertar la curiosidad y la creatividad, este modelo demuestra cómo puedes aprovechar el impacto visual de los elementos LEGO al crear tu propia obra de arte.

Change the expression / Experiment with expressions

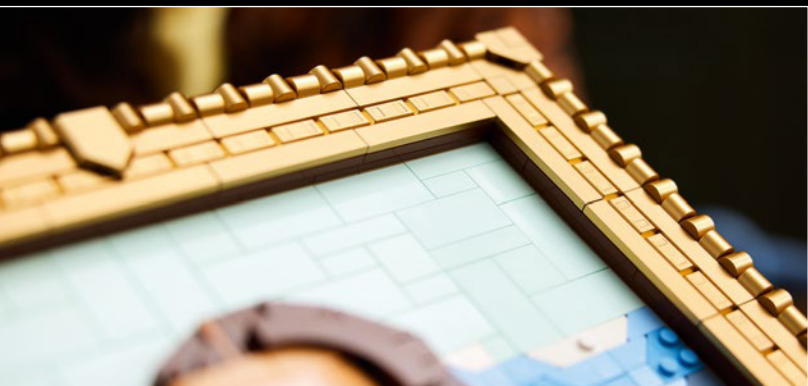

The gold-colored frame, built separately, gives you the artistic liberty to rebuild, replace it with your own frame, or use it for your own original LEGO® Art creation. If you want to experiment with a more abstract expression, you can change *Mona Lisa's* eyes with alternative, unprinted eye tiles.

Modifiez l'expression / Expérimentez avec les expressions

Le cadre doré, fabriqué séparément, vous donne la liberté artistique de le reconstruire, de le remplacer par votre propre cadre ou de l'utiliser pour votre propre création LEGO® Art. Si vous souhaitez essayer une expression plus abstraite, vous pouvez changer les yeux de *La Joconde* avec d'autres tuiles non imprimées.

Cambia la expresión / Experimenta con distintas expresiones

El marco dorado, que se construye por separado, te ofrece libertad artística para reimaginarlo, sustituirlo por otro hecho por ti mismo o utilizarlo para tu propia creación LEGO® Art. Si quieres experimentar con una expresión más abstracta, puedes cambiar los ojos de tu *Mona Lisa* por cubiertas alternativas sin impresiones.
