WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

THE FOUR GENTLEMEN
LES QUATRE GENTILSHOMMES
LOS CUATRO CABALLEROS

CHRYSANTHEMUM

The delicate yet vibrant chrysanthemum is often seen as a popular motif in traditional art. In a tradition that spans more than a thousand years, it is often portrayed in ink and wash paintings as part of a classic quartet of beautiful plants known as The Four Gentlemen, or the Four Noble Ones. Together, they represent the virtues and continuous circle of the seasons: The chrysanthemum (autumn), the plum (winter), the orchid (spring) and the bamboo (summer). Just as the chrysanthemum thrives in the face of winter, it gently inspires us to share joy and withstand adversity.

LE CHRYSANTHÈME

Le chrysanthème, à la fois délicat et éclatant, est un motif populaire dans l'art traditionnel. Dans une tradition qui remonte à plus de mille ans, il est souvent représenté dans des peintures à l'encre et au lavis comme faisant partie d'un quatuor classique de belles plantes connu sous le nom des « quatre gentilshommes » ou des « quatre nobles plantes ». Ensemble, elles représentent les vertus et le cercle continu des saisons : le chrysanthème (l'automne), le prunier (l'hiver), l'orchidée (le printemps) et le bambou (l'été). Comme le chrysanthème pousse en dépit du temps froid, il nous inspire chaleureusement à partager la joie et à résister à l'adversité.

CRISANTEMO

El delicado pero vibrante crisantemo suele ser un motivo popular en el arte tradicional. En una tradición que abarca más de mil años, con frecuencia lo vemos representado en pinturas de tinta y aguada como parte de un cuarteto clásico de bellas plantas conocido como *los cuatro caballeros* o *los cuatro nobles*. Juntas, representan las virtudes y el ciclo continuo de las estaciones: el crisantemo (otoño), el ciruelo (invierno), la orquídea (primavera) y el bambú (verano). El hecho de que el crisantemo salga adelante frente al embate del invierno nos inspira sutilmente a compartir la alegría y a resistir la adversidad.

ART IMITATES NATURE

Creating decor that draws inspiration from nature is a relaxing and rewarding way to set our imagination free. Plants are particularly interesting to study and replicate. You can find symmetry and seemingly random variants and organic shapes developing in perfect balance. It's no wonder artists in every culture are drawn to these motifs. This chrysanthemum bouquet in its vase shows the different stages of the flower, from buds to full bloom. It brings a refreshing pop of color to your favorite space, and with poseable leaves and petals, you can rearrange your bouquet to change the expression of your display.

L'ART IMITE LA NATURE

La création de décors inspirés de la nature est un moyen relaxant et gratifiant de laisser libre cours à notre imagination. Les plantes sont particulièrement intéressantes à étudier et à reproduire. On y trouve des symétries, des variantes apparemment aléatoires et des formes organiques qui se développent en parfait équilibre. Il n'est pas étonnant que les artistes de toutes les cultures soient attirés par ces motifs. Ce bouquet de chrysanthèmes dans son vase montre les différents stades de la fleur, des bourgeons à la pleine floraison. Il apportera une touche de couleur rafraîchissante à votre espace préféré, et grâce aux feuilles et aux pétales mobiles, vous pouvez réarranger votre bouquet pour changer l'expression de votre décoration.

EL ARTE IMITA A LA NATURALEZA

Crear un elemento decorativo inspirado en la naturaleza es una manera relajante y satisfactoria de dar rienda suelta a nuestra imaginación. Las plantas son un tema especialmente interesante para estudiar y reproducir. En ellas puedes encontrar tanto simetría como variantes aparentemente aleatorias y formas orgánicas que se desarrollan en perfecto equilibrio. No es de extrañar que artistas de todas las culturas se sientan atraídos por estos motivos. Este ramo de crisantemos en su florero muestra las distintas etapas de la flor, desde los capullos hasta la floración plena. Aporta un refrescante toque de color a tu espacio favorito, y sus hojas y pétalos articulados te ofrecen la posibilidad de reorganizar el ramo para cambiar la expresión de lo que exhibes.

THEO BONNER,
modelista de LEGO®
