The Avengers  
**HELICARRIER**

## The Avengers Initiative

"How can we turn that into a LEGO® set?" As LEGO model designers, we're like kids in a candy store whenever we get to watch (and re-re-re-watch) films from the Marvel Cinematic Universe. We are fascinated with the advanced vehicles, vessels, spaceships and iconic scenes, and we always feel a curious urge to recreate them in as much detail as we possibly can. The bigger, the better. We know that our bigger sets, like the 76042 S.H.I.E.L.D. Helicarrier (2015), may require some creative shelf-space logistics solutions to display properly. So, we took the initiative to create one of the most popular vehicles in the MCU in a slightly more display-friendly size, and still full of the characteristic details we know and love from the films.

*- Jesper C. Nielsen,  
LEGO® Marvel Creative Lead*

## Eyes and ears everywhere

Whether on the frontlines of defending Earth from Loki and his monstrous Chitauri army in *The Avengers* (2012) or tackling a rogue 'peace-keeping' artificial intelligence in *Avengers: Age of Ultron* (2015), the immense Avengers Helicarrier has seen its fair share of battle. A high-tech mobile command centre built to track and strike down enemies at sea or in the air, this stealth aircraft carrier rises (literally) to every challenge, as one of the sturdiest, most advanced and most versatile vessels in the Avengers' fleet.

## Cloaking mechanism not included

Recreating this accurate LEGO® version of the Avengers Helicarrier lets you dive into the design and shape of this vehicle, its fascinating structure and a detailed depiction of this amazing vessel.

The characteristic external features of the floating/flying command centre include the massive turbine engines, the bridge and two detailed runways, and a microscale Quinjet adds to the action onboard. Although repulsor technology and a cloaking mechanism are not included, you can display your Helicarrier on or off the stand.
