WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

**HOME ONE
STARCRUISER**
STAR WARS

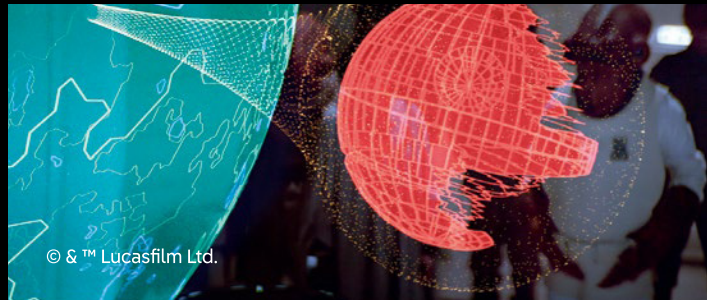

HOME TO THE REBEL ALLIANCE

Designed by Mon Calamari engineers, Home One is distinctive for its organic aquatic shape. Built for space exploration, it was upgraded to serve as the Rebel Alliance's flagship under Admiral Ackbar's command following the Rebel Base destruction on Hoth. With a capacity to carry starfighters and a diverse complement of Rebel personnel, Home One and its advanced communications and tactical systems were crucial in facilitating the tightly coordinated attack on the Second Death Star at the Battle of Endor. This celebrated cruiser is an honorable inductee in our LEGO® Star Wars™ Starship Collection.

Enjoy building!

Jens Frederiksen

Jens Kronvold Frederiksen
Creative Lead & Design Director
LEGO® Star Wars™

LE CROISEUR STELLAIRE HOME ONE

STAR WARS

LE BERCEAU DE L'ALLIANCE REBELLE

Conçu par les ingénieurs Mon Calamari, le Home One se distingue par sa forme aquatique organique. Construit pour l'exploration spatiale, il a été amélioré pour servir de vaisseau amiral de l'Alliance rebelle sous le commandement de l'amiral Ackbar après la destruction de la base rebelle sur Hoth. Pouvant transporter des chasseurs et divers membres du personnel rebelle, le Home One, avec ses systèmes tactiques et de communication avancés, a joué un rôle crucial dans l'attaque étroitement coordonnée de la seconde Étoile de la Mort lors de la bataille d'Endor. Ce célèbre croiseur est un ajout honorable à notre Collection de vaisseaux LEGO® Star Wars™.

Bonne construction !

Jens Kronvold Frederiksen
responsable de la création et directeur de
la conception, LEGO® Star Wars™

CRUCERO ESPACIAL HOGAR UNO

STAR WARS

HOGAR DE LA ALIANZA REBELDE

Diseñado por ingenieros Mon Calamari, el Hogar Uno se distingue por su orgánica forma acuática. Fabricado para la exploración espacial, fue optimizado para servir como buque insignia de la Alianza Rebelde bajo el mando del Almirante Ackbar luego de la destrucción de la base rebelde en Hoth. Con capacidad para transportar cazas espaciales y una diversa dotación de personal rebelde, el Hogar Uno y sus avanzados sistemas tácticos y de comunicaciones fueron cruciales para hacer posible el ataque perfectamente coordinado contra la Segunda Estrella de la Muerte durante la Batalla de Endor. Este célebre crucero es ahora un miembro de honor de la Colección de Naves Espaciales LEGO® Star Wars™.

¡Que disfrutes construyendo!

Jens Kronvold Frederiksen,
director creativo y coordinador de diseño de
LEGO® Star Wars™

A COLLABORATIVE ATMOSPHERE

Originally, Mon Calamari Shipyards Star Cruisers were designed to accommodate their native amphibious Mon Cala crew. Water-filled passage tubes made it quicker for the crew to move through the starship. Since Home One was rebuilt for battle, it also provides breathable atmospheres to comfortably accommodate non-amphibious personnel and passengers. In addition to powerful turbolasers, ion cannons and tractor beams, Home One boasts a formidable deflector shield generator and 20 hangars, as well as detachable sections that serve as attack and escape vessels. If you remove the side section of your model, you can reveal some of the interior facilities, check up on certain battle essentials and even a few famous crew members!

| Armament: | 29 Taim & Bak XV9 turbolasers 36 ArMek SW-7 ion cannons 6 <i>Phylon</i> Q7 tractor beams |

UNE ATMOSPHÈRE COLLABORATIVE

À l'origine, les croiseurs des Chantiers Navals Mon Calamari étaient conçus pour accueillir l'équipage amphibie de Mon Cala. Des tubes de passage remplis d'eau permettaient à l'équipage de se déplacer plus rapidement dans le vaisseau. Ayant été remanié pour le combat, le Home One dispose également d'une atmosphère respirable pour accueillir confortablement le personnel et les passagers non amphibies. Outre de puissants turbolasers, canons à ions et rayons tracteurs, le Home One dispose d'un formidable générateur de bouclier déflecteur et de 20 hangars, ainsi que de sections détachables qui servent de vaisseaux d'assaut et de fuite. Si vous retirez la section latérale de votre modèle, vous pourrez découvrir certaines installations intérieures, contrôler des éléments de combat essentiels et même apercevoir quelques membres célèbres de l'équipage !

AMBIENTE DE COLABORACIÓN

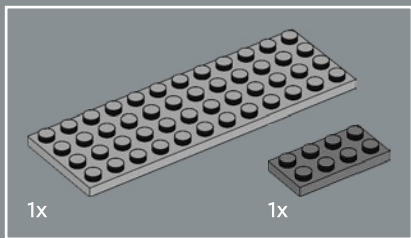

Originalmente, los cruceros espaciales creados por Astilleros Mon Calamari se diseñaron para albergar una tripulación anfibia nativa de Mon Cala, con tubos de paso inundados de agua que agilizaban el desplazamiento de sus miembros por la nave. Al reconstruir el Hogar Uno para el combate, se equipó también con atmósferas respirables para alojar cómodamente al personal no anfibio y otros pasajeros. Además de potentes turboláseres, cañones de iones y haces tractores, el Hogar Uno cuenta con un formidable generador de escudo deflector y 20 hangares, así como con secciones removibles que sirven como vehículos de ataque y escape. Si quitas la sección lateral del modelo, podrás ver algunas de las instalaciones interiores, revisar ciertos elementos básicos de combate, ¡e incluso reunirte con miembros famosos de la tripulación!
